## **Recycling Directory Now On Your Alexa Device**

RRRASOC members who have an Amazon Alexa enabled voice control device now have the convenience of immediately asking aloud how to recycle their plastic bottles, pizza boxes or other items! No more finding your phone, tablet or laptop to conduct a search on the app.

Simply say, "Alexa, enable Recycling Directory."

Then just ask your question, "Where do I take CFLs?" or, "How do I get rid of unwanted clothes?"

#### **Keep It Loose**

Keep recyclables loose in you recycling cart or bin. Do not bag items.

It's okay if they mix together!

Because the recycling facility is a highly mechanized sorting facility, recyclables in bags do not get properly sorted and can end up in the landfill.

Also, bags clog up the machinery and must be painstakingly removed by hand.
