Novi Recycling Drop-Off Site Temporarily Closed Due to Lee BeGole Drive Construction

NOVI, Mich. – The City of Novi and the Resource Recovery & Recycling Authority of Southwest Oakland County (RRRASOC) have temporarily closed the Recycling Drop-Off Site located at the City of Novi Department of Public Works, 26300 Lee BeGole Drive, due to improvements associated with the extension of Lee BeGole Drive.

The Lee BeGole Drive extension is part of the improvements approved by Novi voters through the 2025 Public Safety Bond and is being constructed in preparation for the future development of the City's new Public Safety Headquarters and Fire Station 1.

The site closure began Monday, September 21, and will remain closed for the duration of the project. However, the Household Hazardous Waste Day event scheduled for October 3 at this Novi location will be held as planned.

In the meantime, Novi residents are encouraged to continue using the RRRASOC Recycling Drop-Off Site at 20000 W. Eight Mile Road in Southfield, located at the northeast corner of Evergreen Road and Eight Mile Road.

What Can Be Recycled?

RRRASOC Recycling Drop-Off Sites accept typical curbside recyclable materials, including:

- Cardboard
- Paper products
- Newspaper and magazines
- Plastic bottles and jugs
- Cartons
- Metal cans
- Glass bottles and jars

The drop-off site does not accept polystyrene foam (Styrofoam), household hazardous waste or electronics.

For a complete list of accepted materials and information about additional recycling opportunities, visit RRRASOC.org or call 248-208-2270.

About RRRASOC

The Resource Recovery & Recycling Authority of Southwest Oakland County (RRRASOC) serves residents of its member communities, including the City of Novi, with cost-effective, environmentally responsible and convenient waste and recycling programs. Services include recycling drop-off centers, household hazardous waste collection events and curbside collection. Learn more at RRRASOC.org.
